

Advanced Marbling Techniques Materials List Overview

Below is an overview of the materials used in the **Clouds on Water ~ Advanced Marbling Techniques eCourse**. Because this course focuses on technique, there is a lot of flexibility in your material selection and options. Don't feel limited (or overwhelmed!) by what is listed below. A more detailed list with preferred suppliers* and brands used in the demonstrations will be sent to you once you register.

**Special note: The suppliers provided are US-based companies that may or may not ship internationally. If you live outside of the US and have a hard time finding supplies, please let Barb know and she will reach out to her international colleagues for information on suppliers in your country.*

As a reminder, this course builds upon prior marbling experience, therefore you should already have basic marbling supplies and tools such as a tank, rakes and combs, carrageenan or methyl cellulous for the bath, alum, paper, paint, etc.

Dispersant (surfactant) ~ gall, PhotoFlo, soap, or commercial brands such ProChem

Other Additives ~ body oil, olive or walnut oil, turpentine, and rubbing alcohol are just a few suggestions

3D Objects ~ anything that is porous including flower pots (or bisque ceramics), boxes, rocks...

Flat, Rigid Objects ~ vinyl albums, wood panel, stretched canvas, corkboard...

Masking Material ~ liquid or film frisket or freezer paper

Interesting materials ~ recycled newsprint, photographs, canvas, leaves...

Additional tools ~ toothbrush, atomizer, and a spray bottle are just a few suggestions

Clouds on Water

A JOURNEY INTO THE WORLD OF MARBLING

Marbling Kits and Supplies Available

**Last day to order kits and supplies for guaranteed delivery in time
for class start date is January 4, 2016.**

Orders will continue to be accepted after that date and will get to you as quickly as possible.

Marbling Supplies

Carrageenan

Barb prefers to marble on a carrageenan bath and does so in all of her demonstrations in this eCourse. Carrageenan is a food-grade seaweed extract that comes in powdered form. Instructions for making a carrageenan bath are included.

- 1/4 lb. of carrageenan (makes approx. 5 gallons of bath) ~ \$16 + shipping
- 1/2 lb. of carrageenan (makes approx. 10 gallons of bath) ~ \$30 + shipping
- 1 lb. of carrageenan (makes approx. 20 gallons of bath) ~ \$56 + shipping

Alum

Alum is the binding agent used to get paint to stick to whatever is being marbled on ~ paper, fabric, wood, or other porous materials. It comes in powdered form and is mixed with water to create a liquid application. A little bit of alum goes a long way and has an indefinite shelf life. Instructions for making alum are included.

- 1/2 lb. of alum ~ \$5 + shipping
- 1 lb. of alum ~ \$7.75 + shipping

Dispersant

Barb's preferred dispersant is Kodak PhotoFlo and is what she uses in all of the demonstrations in this eCourse. Like alum, a little bit goes a long way.

- 2 oz. starter bottle ~ \$7 + shipping

Starter Marbling Kits

The **Starter Marbling Kit** and the **Just-the-Basics Marbling Kit** pulls together almost everything you need to get started marbling. This not only eases the trouble of ordering from multiple suppliers, but you'll also feel confident knowing you'll be working with Barb's preferred tools and favorite materials which have been vetted by her.

The **Starter Marbling Kit** is available in two sizes:

- 11"x14" tank ~ \$58 plus shipping
- 18"x24" tank ~ \$110 plus shipping

Included in the Kit:

- Clear, acrylic marbling tank
- Rinse/cover board
- Carrageenan ~ 1/4-pound or 1/2-pound
- Alum ~ 1/4-pound or 1/2-pound
- Dispersant ~ 2 oz.
- Stylus
- Plastic Comb (1-inch spacing)
- 10 eye droppers
- Plastic broomstraw ~ enough to make up to 10 whisks

Not included:

- Acrylic paint
- Paper (or other materials on which to marble)
- Other size rakes and combs
- Miscellaneous items such as water, sponge, spray bottle, rubber gloves (for applying alum), paint containers, and high-speed blender (to make bath)!

Just-the-Basics Marbling Kit

The **Just-the-Basics Marbling Kit** is geared toward those who want to source or make their own tank and rinse board but would like all the other goodies instead! The kit is available in two sizes (small and large) and starts at \$49 plus shipping.

Included in the Kit:

- Carrageenan ~ 1/4-pound or 1/2-pound
- Alum ~ 1/4-pound or 1/2-pound
- Dispersant ~ 2 oz.
- Stylus
- Plastic Comb (1-inch spacing)
- 10 eye droppers
- Plastic broomstraw ~ enough to make up to 10 whisks

Not included:

- Tank and rinse/cover board
- Acrylic paint
- Paper (or other materials on which to marble)
- Other size rakes and combs
- Miscellaneous items such as water, sponge, spray bottle, rubber gloves (for applying alum), paint containers, and high-speed blender (to make bath)!
